Measurements and cooking notes

- **Unless stated otherwise, each recipe serves 4.** Curry servings exclude rice or bread.
- **1 cup = 240 ml; 1 tablespoon = 15 ml; 1 teaspoon = 5 ml.**
- Use plain, unsweetened, full-fat yogurt. Whisk it before cooking; add over low heat and stir to reduce splitting.
- "Mutton" cooking times below assume young lamb. Goat or older sheep may need considerably longer. Cook until tender, adding hot water as necessary.
- Use food-grade mustard oil suitable for cooking, or substitute a neutral oil. Heat until shimmering; smoking it is unnecessary.
- For dried kidney beans: soak, drain, cover with fresh water, and **boil vigorously for at least 30 minutes before simmering until fully tender**. Do not cook raw kidney beans solely in a slow cooker.
- Cook minced lamb to **71°C**, chicken to **74°C**, and fish to **63°C**.
